| Speaker Theme | | | HEAR ME OUT - I know you don't know me, but I'm wondering if you can give me a chance this week. I'm going to share some stories about me and about a guy named Jesus that hope to spark your attention - Will you hear me out? JESUS NOTICES ME - Jesus went out of his way to spend time with people that often got left out. When he looks at us, he sees something different than what the rest of the world sees. In fact, He doesn't just notice us, He wants a relationship with us. | JESUS SEES MY MESS - Jesus doesn't just notice you, he really sees who you are. He knows the good, the bad, and the ugly. There is nothing we can hide from him. | RESTORE / RESPOND - Jesus sees who you really are, and He still wants a relationship with you. He died in your place because He loves you and wants to offer you new life. How will you respond? | COUNT THE COST - Jesus asks you to follow Him, and that isn't easy - it involves sacrifice. Your life must look different from the world, if you choose to follow Jesus. You must become set apart from the world. | GOD'S SPIRIT IN US - Jesus's commitment to us is thorough and complete. The very Spirit of God now infuses your life, giving you power to live a different life. God's spirit is your helper -never leaving you alone. God's spirit activates you; heals you; emboldens you. In return He asks your for a whole hearted committed to follow Him. |

| PS Team Member Outcome | We want them to feel welcomed, special, cared for, and appreciated when they arrive at camp. We want them also to feel prepared, to know that it is not a mistake that they are here to serve, to feel confident for the start of camp on day 1. | | Starting point to be others focused. That they realize that this is "not about me". Begin building relationships with campers/staff (listening while serving). We want PS Team members to feel affirmed, that we love them, and know the difference in positive reaction vs not being recognized. That we live for the audience of ONE. | This day should encourage an honest look at themselves...the ability to reflect on their own pride and to recognize where they need to put Jesus first in their lives. The PS team member should recognize that they need Jesus daily. | At the end of the day we want them to come to the realization that even in our sin, through grace we are still able to serve. We are God's workmanship created in Christ to do good works. And to understand who they are in Christ and how to live and lead in that life of grace. | We want them to understand the cost involved in saying "yes" to Jesus. We want them to understand that they must become different - set apart - holy. We want to begin to prepare them with what "different" could look like in their home environment. We want them to know that following Jesus takes sacrifice and to begin preparing them for what it looks like when they return home. | We want them to feel that they are a part of the family of God - never alone -- a part of a community. We want them to feel the celebration that comes with a new life in Christ. We want them to be "activated" by the Holy Spirit to live a life for Christ that will require sacrifice, but will be full of joy! We will celebrate at the end of the week when they simply moved down the continuum in their journey with Christ. |
| Question of the Day | Why am I here? | | What do you think so far? How did you go the extra mile? What act of service did you do today that only Jesus saw? | Where do I need Jesus today? | Where do I need grace and how do I need to give it? | What is God asking you to sacrifice in order to follow Him? | Who will you be when you go home? |
| Adult Leader Outcome | We want the adult leader to feel welcomed & appreciated and to grasp the bigger picture of PS and their vital role while on site. | | We want adult leaders to feel prepared in their on-site role - "I'm all in." We want the adult to be glad they are there... | On this day, we want the adult leaders to open up and authentically share their story with students. | At the end of the day we want them to come to the realization that even in our sin, through grace we are still able to serve. We are God's workmanship created in Christ to do good works. And to understand who they are in Christ and how to live and lead in that life of grace. | We want leaders to identify areas in their own life that they need to change; sacrifice; give up and be willing to lead their kids by example. We want the examples to be tangible and practical. | On the last day, we want leaders to feel refreshed and equipped to go home - empowered! We hope that they leave excited about working for YFC and hopeful about working with the kids they've connected with. |
